A PETITION TO THE LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

Repeal 130 km/hr speed limit on Territory open roads

We, the undersigned, respectfully showeth our great concern about speed limits on our open roads.

We, the undersigned note that recommendation 6 in the road safety taskforce report is not based on any evidence. Other than making general assertions to effect that higher speeds increase the risk of accidents and quoting studies from other parts of Australia and the rest of the world, the report does not contain one single piece of evidence that travelling in excess of 130 km/hr was the cause of any of the accidents on NT open roads. Instead the report admits that there is no such evidence available from NT police crash investigations (page. 8).

We, the undersigned remind the Legislative Assembly that we the citizens of the Northern Territory are intelligent and civic minded, but we are not prepared to have our rights removed by laws that have no evidentiary basis.

We the undersigned call for the immediate removal of open road speed limits, and being in duty bound so do pray.
